Recommendations

All major political parties give tickets to candidates with cases of crimes against women especially rape and therefore hindering the safety and dignity of women as citizens. These are serious cases where charges have been framed and cognizance have been taken by the courts. These figures reveal the grave malaise and travesty in our political system where the rich and powerful MPs/MLAs with cases related to crime against women are able to subvert the system, use their influence to interfere with the police investigations, use the judicial delays to their advantage and in some cases continuously harass the victims and their families. Association for Democratic Reforms and National Election Watch strongly recommends that:

- Candidates with a criminal background should be debarred from contesting elections.
- As directed by Supreme Court in February 2020, Political parties should declare reasons why candidates with criminal cases are given tickets to contest elections.
- Court Cases against MPs and MLAs should be fast tracked and decided upon in a time bound manner with court monitored professional and thorough investigation by Police.
- Voters should desist from electing candidates with self-declared cases related to crime against women and other heinous crimes.
